MERN Stack Developer

"MERN Stack Developer with hands-on experience in designing, developing, and deploying full-stack web applications. Proficient in HTML5, CSS3, Bootstrap, React.js, Node.js, Express.js, and MongoDB. Completed internships at Z-Tech Software Company (6 months) and CodeRoads Softwares (3 months), contributing to scalable and efficient web solutions. Currently pursuing a Bachelor of Computer Applications (BCA) with a passion for building innovative and user-centric applications. Adept at working in collaborative environments and solving complex technical challenges."

WORK EXPERIENCE

ZirTech Solutions • 07/2024 - Present

Software Developer

- Developed and maintained end-to-end web applications using the MERN stack (MongoDB, Express.js, React, Node.js) to deliver scalable and responsive solutions.
- Designed and implemented RESTful APIs for seamless communication between the front-end and back-end systems, ensuring optimal performance.
- Optimized MongoDB queries and schemas to handle large datasets and improve application performance.
- Collaborated with designers to create user-friendly interfaces using React and modern CSS frameworks, ensuring cross-browser compatibility.
- Identified and resolved performance bottlenecks in both client and server-side code, leading to a 20% improvement in application speed.
- Participated in daily stand-ups, sprint planning, and code reviews as part of an Agile development team, ensuring timely project delivery.
- Deployed applications on cloud platforms such as AWS and managed version control using Git, ensuring continuous integration and delivery.

EDUCATION

(BCA) Bachelor of Computer Applications

University of Kashmir • Srinagar J&K • GPA: 6.74 • 05/2021 - 06/2024

CERTIFICATIONS

State Level Badminton Championship

Badminton Association of Jammu & Kashmir

PROJECTS

Ecommerce Website

Developed a fully functional **E-Commerce Shopping Website** to provide a seamless online shopping experience. The project integrates modern web technologies, responsive design, and dynamic features to simulate a real-world online store.

Tic-Tac-Toe Game

Designed and developed an interactive **Tic Tac Toe Game**, showcasing expertise in UI design, algorithmic logic, and responsive development. The project delivers a seamless two-player gaming experience with intuitive gameplay mechanics.

To-Do-List

Developed a dynamic and interactive **To-Do List** application that allows users to manage their tasks efficiently. The application includes features like task creation, editing, deletion, and status updates (Pending, In Progress, Complete).

SKILLS

Frontend Development: Bootstrap, CSS3, HTML5, JavaScript, React.js

Backend Development: Express.js, Node.js

Database Management: MongoDB

Tools & Platforms: Git, Github, Postman, Visual Studio Code

Other Skills: Debugging, Problem Solving, Responsive Design, RESTful API Development
